

# Programming Assignment-1

In Class Series ~ CSI 3150

Code the resume content outlined in the next page as an HTML webpage. Total time – 30 mins.

Instructions:

1. Save the image given in this document onto your local machine and embed it in your HTML page.
2. Each section of the resume must be wrapped by a div tag.
3. Hint: HTML tags you will need – div tag, heading tags, anchor tag, unordered lists with list item tags, image tag, paragraph tag
4. Submission guideline: If you know how to use git and github, then upload your code to github and copy the github repo link, paste in a word file, convert it to pdf document and submit on moodle. Otherwise, take a readable screenshot of your VSCode canvas and your browser after rendering the output, paste the screenshots in a word file, convert to PDF document and submit on moodle.

# Jerry Mouse

123 my address, this street, some state, Country

---

Phone:

+1(555) 555 5555

---
